SECTION I – INTRODUCTION

1.1. PURPOSE

1.1.1. The purpose of this Request for Quote (RFQ) is to establish a Contract for the provision of a Structured Cabling System, also referred to as the Passive Network Infrastructure (PNWI), into specialised technical areas in the refurbished NCI Agency building in The Hague (The Netherlands). The horizontal and vertical Structured Cabling System (PNWI) provided during building construction shall be complemented by the specific Structured Cabling needs (PNWI) provided to the special areas of the Main Equipment Room (MER - a small datacentre) and the Laboratories which are in the scope of the RFQ. Successful implementation of the new Structured Cabling System (PNWI) and its integration with the existing cabling system requires certified installers who can provide long term warranty and maintenance of the installation.

1.2. RFQ PROCEDURE

1.2.1. This solicitation is a Request for Quote (RFQ) and is issued in accordance with the Procedures Governing the Use of Basic Ordering Agreements (BOAs) set forth in the NATO document AC/4-D(2019)0004 (INV).

1.2.2. Award of a Contract pursuant to this RFQ will be made to the firm that has offered the lowest evaluated price and has been determined to be technically compliant with the requirements of the RFQ in accordance with the evaluation criteria. The Bid evaluation criteria and the detailed evaluation procedure are described in Section IV of these Bidding Instructions.

1.2.3. This RFQ will not be the subject of a public Bid opening.

1.2.4. Award of the resulting Contract will be made on a firm fixed price basis.

1.2.5. The solicitation, evaluation and award processes will be conducted in accordance with the terms and conditions contained herein.

1.2.6. A single contract will be placed with one Contractor. No partial bidding shall be allowed.

1.3. SECURITY

1.3.1. The security classification of the RFQ documentation is “NATO UNCLASSIFIED”.

1.3.2. All Contractor and Sub-Contractor personnel working under the prospective Contract at Purchaser facilities shall have a security clearance of “NATO SECRET” confirmed to the Purchaser by the relevant National Security Authority. Contractor personnel without such a clearance will be denied access to the Purchaser’s facilities. Denial of such access by the Purchaser may not be used by the prospective Contractor as the basis for a claim of adjustment or an extension of the schedule, nor can the denial of access be considered a mitigating circumstance in the case of an assessment of Liquidated Damages

or a determination of Termination for Default by the Purchaser under the prospective Contract.

- 1.3.3.** Bidders are advised that Contract signature will not be delayed in order to allow the processing of security clearances for personnel and, should the otherwise successful Bidder not be in a position to accept the offered Contract within a reasonable period of time, due to the fact that its personnel, or those of prospective subcontractors, do not possess the appropriate security clearance(s), the Purchaser may determine the Bidder's Offer to be non-compliant and offer the Contract to the next ranking Bidder.
- 1.3.4.** Bidders are informed that the Prospective Contractor shall conform to the above requirements at the time of Contract Award.

2.3.3.2 Consideration of Late Bid – The Purchaser considers that it is the responsibility of the Bidder to ensure that the Bid submission arrives by the specified Bid Closing time. A late Bid shall only be considered for award under the following circumstances:

- 2.3.3.2.1** A Contract has not already been awarded pursuant to the Request for Quote, and;
- 2.3.3.2.2** The Bid was sent to the email address specified in the RFQ and the delay was solely the fault of the Purchaser.
- 2.3.4** It is the responsibility of the Bidder to ensure that the Bid submission is duly completed by the specified Bid Closing time and date. If a Bid received at the NCI Agency's facility by electronic data interchange is unreadable to the degree that conformance to the essential requirements of the solicitation cannot be ascertained, the Purchaser will immediately notify the Bidder that the Bid will be rejected unless the Bidder provides clear and convincing evidence:
- 2.3.4.1** Of the content of the Bid as originally submitted; and,
- 2.3.4.2** That the unreadable condition of the Bid was caused by Purchaser software or hardware error, malfunction, or other Purchaser mishandling.

2.4 REQUESTS FOR EXTENSION OF BID CLOSING DATE

- 2.4.1** The Purchaser does not accept, except in exceptional cases, Bidder requests to extend the Bid Closing Date. In any event, all requests for an extension of the Bid Closing Date must be submitted in writing by e-mail to the Point of Contact specified in paragraph 2.5 below and shall arrive not later than 7 (seven) days before the Closing Date of the Bid. - 2.6.2** All questions and requests for clarification must be submitted in writing using the appropriate Clarification Requests Form in Annex D. All questions and requests must reference the Section(s) in the RFQ subject for clarifications. The questions and/or requests shall be submitted to the point of contact specified in paragraph 2.5 above and shall arrive not later than seven (7) calendar days prior to the stated "Bid Closing Date". The Purchaser is under no obligation to answer questions submitted after this time.
- 2.6.3** Bidders are advised that subsequent questions and/or requests for clarification included in a Bid shall neither be answered nor considered for evaluation and may be grounds for a determination of non-compliance.

- 2.6.4** Except as provided above, all questions will be answered by the Purchaser and the questions and answers (deprived of any means of identification of the questioner) will be issued in writing to all prospective bidders in accordance with the provisions of paragraph 2.8 below.
- 2.6.5** The published answers issued by the Purchaser shall be regarded as the authoritative interpretation of the RFQ, and may lead to a formal amendment to the RFQ. Such amendment may also contain changes to the language, terms, conditions and/or specifications of the RFQ. Amendments to the language of the RFQ included in the answers, and/or the formal RFQ amendment, shall be incorporated by the Bidder in its offer.

2.7 REQUESTS FOR WAIVERS AND DEVIATIONS

- 2.7.1** Bidders are informed that requests for alteration to, waivers of, or deviations from the Schedules, the Special Contract Provisions, the General Contract Provisions, the Technical Specifications and any other Terms and Conditions of the Prospective Contract will not be considered after the Request for Clarification process.
- 2.7.2** Requests for alterations to the other requirements, terms or conditions of the Invitation for Bid or the Prospective Contract may only be considered as part of the clarification process set forth in paragraph 2.6 above. Requests for alterations to the specifications, terms and conditions of the Contract which are included in a Bid as submitted may be regarded by the Purchaser as a qualification or condition of the Bid and may be grounds for a determination of non-compliance.

2.8 AMENDMENT OF THE INVITATION FOR BID

- 2.8.1** The Purchaser may revise, amend or correct the terms, conditions and/or specifications and provisions of the RFQ documents at any time prior to the date set for the Bid Closing. Any and all modifications will be transmitted to all prospective bidders by an official amendment designated as such and signed by the Contracting Authority. Such amendment shall be recorded in the Acknowledgement of Receipt certificate (Annex C-6) which the bidder shall complete and enclose as part of its Bid. This process may be part of the clarification procedures set forth in paragraph 2.6 above or may be an independent action on the part of the Purchaser.
- 2.8.2** The Purchaser will consider the potential impact of amendments on the ability of prospective Bidders to prepare a proper Bid within the allotted time. The Purchaser may extend the "Bid Closing Date" at its discretion and such extension will be set forth in the amendment document.
- 2.8.3** In no case, however, will the closing date for receipt of Bids be less than seven (7) days from the date of issuance of any amendment to the RFQ.

2.9 MODIFICATION AND WITHDRAWAL OF BIDS

- 2.9.1** Bids, once submitted, may be modified by Bidders, but only to the extent that the modifications are in writing, conform to the requirements of the RFQ, and are received by the Purchaser prior to the exact time and date established for

Bid Closing. Such modifications shall be considered as an integral part of the submitted Bid.

- 2.9.2** Modifications to Bids which arrive after the Bid Closing Date will be considered as “Late Modifications” and will be processed in accordance with the procedure set forth above concerning “Late Bids”, except that unlike a “Late Bid”, the Purchaser will retain the modification until a selection is made.
- 2.9.3** A modification to a Bid which is determined to be late will not be considered in the evaluation and selection process. If the Bidder submitting the modification is determined to be the successful Bidder on the basis of the unmodified Bid, the modification may then be opened. If the modification makes the terms of the Bid more favourable to the Purchaser, the modified Bid may be used as the basis of Contract award.
- 2.9.4** The Purchaser, however, reserves the right to award a Contract to the apparent successful Bidder on the basis of the Bid submitted and disregard the Late Modification.
- 2.9.5** A Bidder may withdraw its Bid at any time prior to Bid Opening without penalty. In order to do so, an authorised agent or employee of the Bidder must provide an original statement of the firm's decision to withdraw the Bid.

2.10 BID VALIDITY

- 2.10.1** Bidders shall be bound by the term of their Bids for a period of twelve (12) months starting from the Bid Closing Date specified at paragraph 2.3.1 above.
- 2.10.2** In order to comply with this requirement, the Bidder shall complete the Certificate of Bid Validity set forth in Annex C-3. Bids offering less than the period of time referred to above for acceptance by the Purchaser may be determined to be non-compliant.
- 2.10.3** The Purchaser will endeavour to complete the evaluation and make an award within the period referred to above. However, should that period of time prove insufficient to render an award, the Purchaser reserves the right to request an extension of the period of validity of all Bids which remain under consideration for award.
- 2.10.4** Upon notification by the Purchaser of such a request for a time extension, the Bidders shall have the right to:
- 2.10.4.1** accept this extension of time in which case Bidders shall be bound by the terms of their offer for the extended period of time and the Certificate of Bid Validity extended accordingly; or
- 2.10.4.2** refuse this extension of time and withdraw the Bid without penalty.
- 2.10.5** Bidders shall not have the right to modify their Bids due to a Purchaser request for extension of the Bid validity unless expressly stated in such request.

2.11 BID GUARANTEE

2.11.1 In light of the urgency of the requirement and the administrative time necessary for the Bidders' to obtain a Bid Guarantee, for the purpose of submission of bids in response to this RFQ, the Purchaser voids any requirement for a Bid Guarantee.

2.12 CANCELLATION OF REQUEST FOR QUOTES

2.12.1 The Purchaser may cancel, suspend or withdraw for re-issue at a later date this RFQ at any time prior to Contract award. No legal liability on the part of the Purchaser for payment of any sort shall arise and in no event will any Bidder have cause for action against the Purchaser for the recovery of costs incurred in connection with preparation and submission of a Bid in response to this RFQ.

2.13 ELECTRONIC TRANSMISSION OF INFORMATION AND DATA

2.13.1 The Purchaser will endeavour to communicate answers to requests for clarification and amendments to this RFQ to the prospective bidders by the fastest means possible, through the use of e-mail. All bidders are consequently strongly encouraged to provide accurate email addressing information and notify the Purchaser at the earliest practicable date should any changes occur.

- 3.5.1.** Bidders shall prepare their Price Quotation by completing the yellow highlighted sections of the Bidding Sheets.
- 3.5.2.** The structure of the Bidding Sheets shall not be changed nor should any quantity or item description in the Bidding Sheets. The currency of each line item and sub-item shall be shown.
- 3.5.3.** The prices provided shall be intended as the comprehensive total price offered for the fulfilment of all requirements as expressed in the RFQ documentation including but not limited to those expressed in the SOW.
- 3.5.4.** Bidders shall furnish Firm Fixed Prices for all required items in accordance with the format set forth in the Instructions for preparation of the Bidding Sheets.
- 3.5.5.** Offered prices shall not be "conditional" in nature. Any comments supplied in the Bidding Sheets which are conditional in nature, relative to the offered prices, may result in a determination that the bid is non-compliant. Partial Bids will not be considered.
- 3.5.6.** Bidders are responsible for the accuracy of their Price Quotations. Price Quotations that have apparent computational errors may have such errors resolved in the Purchaser's favour or, in the case of gross omissions, inconsistencies or errors, may be determined to be non-compliant.
- 3.5.7.** Bidders shall quote in their own national currency or in EUR, the host nation currency. Bidders may also submit Bids in multiple currencies including other NATO member states' currencies under the following conditions:
- (a) the currency is of a "Participating Country" in the project, and
 - (b) the Bidder can demonstrate, either through sub-contract arrangements or in its proposed work methodology, that it will have equivalent expenses in that currency. All major sub-contracts and their approximate anticipated value should be listed on a separate sheet and included with the Price Quotation.
- 3.5.8.** The Purchaser, by virtue of his status under the terms of Article IX and X of the Ottawa Agreement, is exempt from all direct taxes (incl. VAT) and all customs duties on merchandise imported or exported. The Contractor, therefore, certifies that the prices stipulated in this Contract do not include amounts to cover such direct taxes or customs duties
- 3.5.9.** The Contractor shall be responsible for ensuring that his respective Sub-contractors are aware that the Purchaser is exempt from taxes and customs duties. The Contractor (and his respective Sub-contractors) shall be responsible for complying with all applicable national and local legal and administrative procedures to ensure that authorities do not attempt to assess taxes and customs duties on goods and property imported or exported through NATO member nation frontiers under this Contract nor assess direct taxation (VAT) on goods sold to the NCI Agency under this Contract.

Bidders are informed that the Purchaser, by virtue of his status is exempt from VAT Article 42 §3 & 3° of VAT Code for Belgium, or Article 151, §1 b of the Council Directive 2006/112 EC dd. 28 November 2006 on intra-community purchases and/or services. Bidders shall therefore exclude from their Price Quotation all taxes, duties and customs charges from which the Purchaser is exempted by international agreement. Bidders are reminded of the requirement to complete the certification to this effect in Annex C-5.

- 3.5.10.** Unless otherwise specified in the instructions for the preparation of bidding sheets, all prices quoted in the proposal shall be DDP (Delivered Duty Paid) to specified destination, in accordance with the International Chamber of Commerce INCOTERMS 2000 and shall also cover all packaging, packing, preservation, insurance and transportation charges. Prices quoted shall include all costs for items supplied and delivered to final destination.
- 3.5.11.** The Bidder's attention is directed to the fact that Price Quotation shall contain no document and/or information other than the priced copies of the Bidding Sheets. Any other document of a contractual or technical nature will not be considered for evaluation and may be cause for a determination of non-compliance by the Purchaser.
- 3.5.12.** When completing the Bidding Sheets, a price for each specified element needs to be supplied on each sub-CLIN. Prices should not be grouped. The prices and quantities entered on the document shall reflect the total items required to meet the contractual requirements. The total price shall be indicated in the appropriate columns and in the currency quoted. If the price of a line item is expressed in different currencies, these shall be identified, and there shall be as many totals on that line item as there are currencies. In preparing the Price Quotation, Bidders shall ensure that the prices of the Sub-items total the price of the major item of which they constitute a part. The accuracy of the inputs of the Bidding Sheets is the responsibility of the Bidder. The Purchaser in its favour may resolve ambiguous computation of prices.
- 3.5.13.** The Contractor shall be liable for all other taxes, assessments, fees, licences, administrative charges or other Government assessments or charges which are applicable to the performance of this Contract. It is the Contractor's responsibility to inform himself of his liability in each country where such liability may arise.
- 3.5.14.** The Purchaser reserves the right to request additional price details, from the apparent winner, during the pre-contract award phase.

3.6. TECHNICAL PROPOSAL

- 3.6.1.** Bidders shall demonstrate a detailed understanding of the objectives as well as of operational and technical requirements as defined in the RFQ. Bidders shall prepare and submit a Technical Proposal that shall present their proposal for each of the following areas:

SECTION IV - BID EVALUATION

4.1. GENERAL

- 4.1.1. The evaluation of Bids will be made by the Purchaser solely on the basis of the requirements in this RFQ.
- 4.1.2. The evaluation of Bids and the determination as to the compliance or technical adequacy of the supplies and services offered will be based only on that information furnished by the Bidder and contained in its Bid. The Purchaser shall not be responsible for locating or securing any information which is not included in the Bid.
- 4.1.3. To ensure that sufficient information is available, the Bidder shall furnish with its Bid all information appropriate to provide a complete description of the work which will be performed and/or the supplies to be delivered. The information provided shall be to a level of detail necessary for the Purchaser to determine exactly what the Bidder proposes to furnish and whether the offer meets the technical, administrative and contractual requirements of this RFQ. Significant omissions and/or cursory submissions may result in a determination of non-compliance without recourse to further clarification.
- 4.1.4. During the evaluation, the Purchaser may request clarification of the Bid from the Bidder, and the Bidder shall provide sufficient detailed information in connection with such requests as to permit the Purchaser to make a final determination based upon the facts. The purpose of such clarifications will be to resolve ambiguities in the Bid and to permit the Bidder to state its intentions regarding certain statements contained therein. The Bidder is not permitted

any cardinal alteration of the Bid regarding technical matters and shall not make any change to its price quotation at any time.

- 4.1.5. The Bidder's prompt response to the Purchaser's RFQ clarification requests is important and therefore failure to provide the requested clarifications within the time-limits set forth in the specific Clarification Requests may cause the Bid to be deemed non-compliant.
- 4.1.6. The evaluation will be conducted in accordance with the Use of Basic Ordering Agreements (BOAs) by the NATO Communications and Information Agency (NCI Agency) set forth in the NATO document AC/4-D(2019)0004 (INV).
- 4.1.7. The administrative compliance of the Bids will be evaluated first. Bids that are declared administratively non-compliant may be rejected without further evaluation. Following evaluation for administrative compliance, evaluation will be carried out in the following area: Part 2 - Price.
- 4.1.8. All administrative compliant Bids will be reviewed for price compliancy. The Contract resulting from this RFQ will be awarded to the bidder whose offer, as evaluated by the Purchaser, is the lowest priced Bid and in compliance with the requirements of this RFQ.

4.2. ADMINISTRATIVE CRITERIA

- 4.2.1. Prior to commencement of the Price and Technical evaluation, Bids will be reviewed for compliance with the Bid Submission Requirements of this RFQ. These are as follows:
 - (a) The Bid was received by email by the Bid Closing Date and Time,
 - (b) The Bid was marked properly,
 - (c) The Administrative Envelope contains a PDF copy of all the prescribed Certificates in Annex C to these Bidding Instructions, signed in the original.
- 4.2.2. A Bid that fails to conform to the above requirements may be declared non-compliant and may not be evaluated further by the Purchaser.
- 4.2.3. If it is discovered, during either the Technical or Price evaluation, that the Bidder has taken exception to the Terms and Conditions of the Prospective Contract, or has qualified and/or otherwise conditioned its offer on a modification or alteration of the Terms and Conditions, the Bidder may be determined to have submitted a non-compliant Bid.

4.3. PRICE CRITERIA

- 4.3.1. The Bidder's Price Quotation will be assessed for compliance against the following standards:
 - 4.3.1.1. The Price Quotation meets the requirements for preparation and submission of the Price Quotation set forth in the Bid Preparation Section and the Instructions for Contractor's Bidding Sheets, in particular:

- a. Compliance with the requirements for preparation and submission of the Price Quotation set forth in the Bid Preparation Section (Book I, Section III) and Instructions for Contractor's Bidding Sheets (Annex B hereto).
 - b. The Bidder has furnished Firm Fixed Prices for all items listed.
 - c. All pricing data, i.e., quantities, unit prices, has been provided as reflected in the Bidding Sheets.
 - d. Bid prices include all costs for items supplied, delivered, and supported.
 - e. All prices have been accurately entered into appropriate columns, and accurately totalled.
 - f. The Bidder has provided accurate unit price (where required) and total price for each line item.
 - g. The Bidder has provided accurate unit price and total price of each of the sub-items it added (if any).
 - h. The grand total is accurate.
 - i. The currency of all line items has been clearly indicated.
 - j. The Bidder has quoted in its own national currency or in the Host Nation currency, Euros. Where multiple currencies including other NATO member states' currencies are quoted, the conditions of Section III, are met.
 - k. The Bidder has indicated that in accordance with the treaties governing the terms of business with NATO, it excluded from its prices all taxes, duties and customs charges from which the Purchaser has been exempted.
 - l. Price quotes for each individual item(s), and totalled prices are accurate and realistic (based on historic data, and/or market and competitive trends in the specified industrial sector(s)).
- 4.3.1.2.** Detailed pricing information has been provided and is adequate, accurate, traceable, and complete.
- 4.3.1.3.** The Price Quotation meets requirements for price realism as described below in paragraph 4.3.3.
- 4.3.1.4.** A Bid which fails to meet the compliance standards defined in this section may be declared non-compliant and may not be evaluated further by the Purchaser.
- 4.3.2. Basis of Price Comparison**
- 4.3.2.1.** The Purchaser will convert all prices quoted into EURO for purposes of comparison and computation of price scores. The exchange rate to be

utilised by the Purchaser will be the average of the official buying and selling rates of the European Central Bank at close of business on the last working day preceding the Bid Closing Date.

4.3.2.2. The price comparison will be based on the offered Grand Total Firm Fixed Price which includes all CLINs (including Option CLINs) in the Bidding Sheets.

4.3.3. Price Realism

4.3.3.1. Otherwise successful Bidders that submit a price quotation so low that it is not a realistic reflection of the objective cost of performance of the associated technical proposal may be considered by the Purchaser to have submitted an unrealistic offer and that offer may be determined to be non-compliant.

4.3.3.2. Indicators of an unrealistically low Bid may be the following, amongst others:

- a. Labour Costs that, when amortised over the expected or proposed direct labour hours, indicate average labour rates far below those prevailing in the Bidders locality for the types of labour proposed.
- b. Direct Material costs that are considered to be too low for the amounts and types of material proposed, based on prevailing market prices for such material.
- c. Numerous Line Item prices for supplies and services that are provided at no cost or at nominal prices.

4.3.3.3. If the Purchaser has reason to suspect that a Bidder has artificially debased its prices in order to secure contract award, the Purchaser will request clarification of the Bid in this regard and the Bidder shall provide explanation on one of the following bases:

- a. An error was made in the preparation of the Price Quotation. In such a case, the Bidder must document the nature of the error and show background documentation concerning the preparation of the Price Quotation that makes a convincing case that a mistake was made by the Bidder. In such a case, the Bidder shall petition the Purchaser to both remain in the competition and accept the Contract at the offered price, or to withdraw from the competition.
- b. The Bidder has a competitive advantage due to prior experience or industrial/technological processes that demonstrably reduce the costs of Bidder performance and therefore the price offered is realistic. Such an argument must support the technical proposal offered and convincingly and objectively describe the competitive advantage and the net savings achieved by this advantage over standard market practices and technology.
- c. The Bidder recognises that the submitted Price Quotation is

unrealistically low compared to its cost of performance and, for business reasons, the Bidder is willing to absorb such a loss. Such a statement can only be made by the head of the business unit submitting the Bid and will normally be made at the level of Chief Operating Officer or Chief Executive Officer. In such a case, the Bidder shall estimate the potential loss and show that the financial resources of the Bidder are adequate to withstand such reduction in revenue.

- 4.3.3.4.** If a Bidder fails to submit a comprehensive and compelling response on one of the bases above, the Purchaser may determine the Bid submitted as non-compliant. If the Bidder responds on the basis of a) above and requests to withdraw from the competition, the Purchaser may, depending on the nature and gravity of the mistake, allow the Bidder to withdraw.
- 4.3.3.5.** If the Purchaser accepts the Bidder's explanation of mistake in paragraph 4.3.4.3(a) and allows the Bidder to accept the Contract at the offered price, or the Purchaser accepts the Bidder's explanation pursuant to paragraph 4.3.4.3(c) above, the Bidder shall agree that the supporting pricing data submitted with its Bid will be incorporated by reference in the resultant Contract. The Bidder shall agree as a condition of Contract signature, that the pricing data will be the basis of determining fair and reasonable pricing for all subsequent negotiations for modifications of or additions to the Contract and that no revisions of proposed prices will be made.
- 4.3.3.6.** If the Bidder presents a convincing rationale pursuant to paragraph 4.3.4.3(b) above, no additional action will be warranted. The Purchaser, however, reserves its right to reject such an argument if the rationale is not compelling or capable of objective analysis. In such a case the Bid may be determined to be non-compliant.

4.4. TECHNICAL CRITERIA

- 4.4.1.** Upon determination of the lowest-priced Bid as described above, the Bid shall be evaluated to confirm compliance with the requirements for preparation and submission of the Technical Proposal set forth in the Bid Preparation Section (Book I, Section III).

4.5. CONTRACT AWARD

- 4.5.1.** The contract resulting from this RFQ will be awarded to the Bidder whose offer, as evaluated by the Purchaser, is the lowest priced bid in compliance with the requirements of this RFQ.
- 4.5.2.** Bidders that are determined to have submitted non-compliant bids will be so notified and will have an opportunity to challenge such a determination. In such a case, the administrative proposal and the technical proposal of the Bidder who has submitted the apparent second lowest compliant priced bid will be evaluated. The Bidder who has offered the lowest compliant priced, technically compliant bid will then be offered the contract for award.

6. In preparing the Price Quotation, Bidders shall ensure that the prices of the Sub-items total the price of the major item of which they constitute a part. Pricing for lower level items shall add to the total for the Sub-CLINs, and the Sub-CLIN totals shall add to the CLIN total.
7. Prices shall not include any provision for taxes or duties for which the Purchaser is exempt.
8. Bidders shall not introduce any changes or deviations to Bidder Sheets as Published by the Purchaser, unless otherwise specified.

- 14.1 NCI Agency Personnel are required to maintain unquestionable integrity and impartiality in relation to procurements initiated by the NCI Agency.
- 14.2 NCI Agency Personnel shall not disclose any proprietary or contract related information regarding procurement directly or indirectly to any person other than a person authorized by the NCI Agency to receive such information. NCI Agency Personnel shall not disclose any documentation related to a procurement action to any third party without a need to know¹ (e.g., draft statement of work, statement of requirements) unless this is expressly provided under NATO Procurement Regulations or authorized in writing by the Director of Acquisition. During an on-going selection, NCI Agency Personnel shall not disclose any information on the selection procedure unless authorized by the Chairman of the award committee/board. The NCI Agency Personnel concerned will ensure that proper access controls are put in place to prevent disclosure of procurement information that has not yet been authorized for release for outside distribution, including draft statements of work and requirement documentations.
- 14.3 NCI Agency Personnel will not participate in a source selection if an offer has been provided by a friend, family member, a relative, or by a business concern owned, substantially owned, or controlled by him/her or by a friend, family member or a relative. NCI Agency Personnel appointed as part of an evaluation shall report such links to the Director of Acquisition immediately upon becoming aware of it.
- 14.4 Contractors and consultants shall not be allowed to participate in the drafting of the statement of work or in the source selection process unless they and their company/employer will be excluded from competition of the related contract. The same will apply to contractors and consultants involved in the definition and development of requirements.
- 14.5 Contractors will be given specific and coherent statements of work, providing precise explanation of how she/he is going to be employed. Tasks to be performed and minimum qualifications are to be well defined from the start. In addition, supervisors will ensure that contractors do not occupy managerial positions within the Agency.
- 14.6 NCI Agency Personnel shall not enter into authorized commitments in the name of NCI Agency or NATO unless specifically authorized. NCI Agency Personnel must abstain from making promises or commitment to award or amend a contract or otherwise create the appearance of a commitment from the NCI Agency unless properly authorized by the NCI Agency.

15 INDUSTRY INITIATIVES

- 15.1 Industry initiatives may include loans, displays, tests or evaluation of equipment and software, requesting NCI Agency speakers at industry gatherings and conferences, inviting speakers from industry to NCI Agency events, consultancy or studies of technical or organizational issues, etc. These initiatives are usually at no cost to the NCI Agency and take place at a pre-contractual phase or before the development of requirements and specifications. While there are benefits associated with the early involvement of industry in the definition of requirements and specifications, this also raises the potential for unfair treatment of potential competitors.
- 15.2 Industry initiatives which go beyond routine interaction in connection with on-going contracts must be reported to and coordinated by the NCI Agency Acquisition Directorate for approval. Industry initiatives shall be properly documented and governed by written agreements between the NCI Agency and the company concerned where relevant. Such agreements may

contain provisions describing the nature of the initiative, the non-disclosure of NCI Agency/NATO information, NCI Agency ownership of any resulting work, the NCI Agency's right to release such work product to future competitors for any follow-on competition or contract, the requirement that any studies must provide non-proprietary solutions and/or an acknowledgement that the participating companies will not receive any preferential treatment in the contracting process.

- 15.3 Any authorized industry initiatives must be conducted in such a way that it does not confer an unfair advantage to the industry concerned or create competitive hurdles for potential competitors.

16 POST EMPLOYMENT MEASURES

- 16.1 The NCI Agency will not offer employment contracts to former NCI Agency Personnel who departed less than 2 years earlier, unless prior approval by the General Manager has been received.
